Booklet SGSB24 1988 Year of the Dragon, which catalogues £50 and this is accompanied by Booklet SGSB26 1990 Year of the Horse, which catalogues £31. Our price is very reasonable given the strong interest in almost anything to do with China over the past 2 - 3 years.	£33
Lot 6	Germany (Berlin) - Valuable collection in an old 'Safe' branded album which appears complete mint and used in basic stamps from 1948 through to 1969. Lot 7	Great Britain - A very fine unmounted mint sheet of the 1d value from the 1925 Wembley set. For its age it is in remarkably good condition. There is a little perforation separation, but otherwise it is very fresh indeed. The individual stamp commands a catalogue value of £25 in unmounted condition giving this sheet of 60 a total catalogue value of £1500.	£250
Lot 8	Greece - Stock card containing a range of the Greek monument higher values issued during the 20th century. For specialists, these come in both original and re-engraved printings. A quick look identified the 1d block of four Perf 13½, 2d with a block of four original printing and a much larger block of 9 which is re-engraved, that is noticeably different. Then a pair of the 5d and this is followed by both the 10d and 15d values in original and re-engraved states. Again these are quite different to the naked eye. All stamps appear to be unmounted mint making this a very attractive and valuable lot, catalogue value is in excess of £1,200 as mounted, which the stamps are not.	£190

There follows a selection of back of the book material with 1961 Lottery Price, 1996 Miyazaki and Tokyo booklet panes and 2006 Tokyo Seasonal Splendours (7th series) etc. This good clean lot of 260 stamps with 3 miniature sheets and 2 booklet panes and 260 stamps was priced to sell individually at £469.	£115
Lot 13	Latvia - Lighthouse hinge-less green binder with matching slip case with printed pages for an unmounted mint collection 1991 - circa 2013. Matching slip case also and with over 300 unmounted mint stamps throughout the album. There are a couple of much earlier sets in the back of this volume.
